

NiRo UW-Love-Will-Rise-And-Fall

Welcome to this love, forever, when emotions reach the border. Than I ever say what it means to be together. Every night I pray for shelter from the ball.

There's no more todays, I search for another chance. You're all I ever needed, you're all I ever needed. Tomorrow knows the way, that leads back to your heart.

That all the memories, it may return forever. I believe in you, and in me. Love will rise and fall.

Now I recall, every night we spent together. I believe the shining moon. It's gonna be a long hard road my baby.

Without you, and I'm so alone. Love will rise and fall. Only tomorrow knows the way, that leads back to your heart.

That all the memories, it may return forever. I believe in you, and in me. Love will rise and fall.

As long as the rainbow falls. As deep as I ever fall. My heart will be with you.

Only tomorrow knows the way, that leads back to your heart. That all the memories, it may return forever. I believe in you.

I believe in you. Back to your heart, Back to your soul. Forever.

Back to your heart. To your soul. Back to your heart.

Back to your soul. Forever. There's a right way.
