

NiRo MG-Naked-Soul

I rise up in silence No car is driving outside And now it has been Five o'clock in the morning The time you usually leave the house And now you're gone Everything is upside down I've been in here With a naked soul And what did you Had to go with I'm so lost Cause you're so All within you I can't hear you taking your shower Can't hear you closing the door There are just shadows on the wall Without a face, without a soul And now you're gone Everything is upside down I've been in here With a naked soul And what did you Had to go with I'm so lost Cause you're so All within you I don't know where you are I don't know what you wear Or who you meet Cause you're not there I don't know what you do I don't know how you feel Cause you're not me You're not me I've been in here With a naked soul And what did you Had to go with I'm so lost Cause you're so All within you Baby, baby, baby I've been in here With a naked soul And what did you Had to go with I'm so lost Cause you're so All within you I'm so lost Cause you're not me You're not me I've been in here And what did you Had to go with I'm so lost Cause you're not me You're not me I've been in here With a naked soul And what did you You're not me I've been in here With a naked soul And what did you I've been in here
