Ever since you walked into my life I'm not the same And you're the one to blame I don't feel the need to beat around the bush I feel so crushed And I would rather be lonely So lonely, lonely It feels like open heart surgery to me That I can be what you do, the way it's meant to be You got me open without anesthesia You're trying to crack me with a needle and a saw It rains over my shoulder just because I can hold her Whoa, whoa It rains over my shoulder just because I can hold her Yeah, yeah Can't forget the day you flew away Just like a witch With your broom and kink Never thought I'd be so glad to see you go I'm over you And I would rather be lonely Lonely, lonely It feels like open heart surgery to me That I can be what you do, the way it's meant to be You got me open without anesthesia You're trying to crack me with a needle and a saw It rains over my shoulder just because I can hold her Whoa, whoa It rains over my shoulder just because I can hold her Yeah, yeah Needle and a saw It rains over my shoulder Yeah, yeah It rains over my shoulder Ooh, ooh
