

NiRo UW-Reckless-Love

Lovers come and go, so you say, as if I wouldn't understand. Time is on your side, but not on mine, not while we walk hand in hand. This time I will not wait too long to get a big mistake undone.

This time I will not wait too long. I can't imagine where this is leading. Nobody told me that you were cheating.

Don't wanna hold on to this reckless love. Cause you were trying to get what's misleading. Cause you will never give up that easy.

Don't wanna hold on to this reckless love. Uh, never waste time. Look for the right.

It's your time to shine. Uh, never waste time. Look for the right.

It's your time to shine. I should realize from the start. But it is not too late for me now.

To stop and rewind all. Freeze the time. Take a break, start over again.

This time I will not wait too long to get a big mistake undone. This time I will not wait too long. I can't imagine where this is leading.

Nobody told me that you were cheating. Don't wanna hold on to this reckless love. Cause you were trying to get what's misleading.

Cause you will never give up that easy. Don't wanna hold on to this reckless love. Take a break, start over again.

This time I will not wait too long to get a big mistake undone. This time I will not wait too long. Never waste time.

Look for the right. It's your time to shine. I can't imagine where this is leading.
