You better take your stuff, I'm not gonna lie You have to sleep rough, don't you even try to get
You better be gone, I'm not gonna lie A job has come, so save yourself some face You wanna
see me cry, well boy, you won't I'm not gonna die just cause you won't Treat me right, you
thought I'd fade So helpable, but do you feel, now it's too late And you told me you're the king
Want me back, but you won't win You're a loser and I'm better But you're never writing a love
letter I just can't wait to see you gone, gone, gone You better take your stuff, I'm not gonna lie
You have to sleep rough, don't you even try to get You better be gone, I'm not gonna lie A job
has come, so save yourself some face Maybe anger is a mask For this broken heart I have But I
swear I'm gone forever You will never get me back here, no, no, no And you told me you're the
king Want me back, but you won't win You're a loser and I'm better But you're never writing a
love letter I just can't wait to see you gone, gone, gone You better take your stuff, I'm not
gonna lie You have to sleep rough, don't you even try to get You better be gone, I'm not gonna
lie A job has come, so save yourself some face You better be gone, you better be gone You
better be gone, you better be gone Baby, baby, baby, baby, baby, baby, baby I gave you more
damn promises But I'm no care for real men, no, no, no No, no, no, no, no, no, no, no, no, no, no,
no, no, no, no, no You're a loser and I'm better But you're never writing a love letter I just can't
wait to see you gone, gone, gone You better take your stuff, I'm not gonna lie You have to be
proud, don't you even try to be You better be good, I'm not gonna lie The time has come, so
save yourself some face You better be gone, you better be gone
