Music The magic boss of all our lives Is based on more than human mind The grow and die of you and me Is directed by a melody This melody is in us all It makes us see that we don't fall Singing out, cause I'm singing loud That this song's about The sun comes out, sun comes out Oh, look the sun is out She's here, she's there, she's everywhere She's everywhere Oh, look the sun is out She's here, she's there, she's everywhere She's everywhere Through the darkness There shines a light That we can't resist I'm singing out, and I'm singing loud That this song's about The sun is out, sun is out Oh, look the sun is out She's here, she's there, she's everywhere She's everywhere Oh, look the sun is out She's here, she's there, she's everywhere She's everywhere Oh, look the sun is out She's here, she's there, she's everywhere She's everywhere Look the sun is out, she's here and there, she's everywhere, she's everywhere.
