

NiRo MG-(Won't-Make-Me)-Fall-In-Love

Why can't you see? You and I ain't meant to be. It's not love that has set me free. Just a physical attraction and a ring for two.

Well, make me fall in love with you. Fall in love with you. Just a physical attraction and a ring for two.

Well, make me fall in love with you. Is it true? That I'm falling in love with you? Who's to blame? I ain't got you to sue. Just a physical attraction and a ring for two.

Well, make me love you. Fall in love with you. Fall in love with you.

Fall in love with you. Fall in love with you. Just a physical attraction and a ring for two.

Well, make me fall in love with you. It's just in your mind. And I don't want to be unkind.

You gotta get it right. You gotta stop the peeping blind. Just a physical attraction and a ring for two.

Well, make me fall in love with you. Fall in love with you. Fall in love with you.

Fall in love with you. Just a physical attraction and a ring for two. Well, make me fall in love with you.

Fall in love with you. Fall in love with you. Fall in love with you.
