They say the darkest hour Comes always right on time with the dawn I did not see it coming
The way I see the rising sun Standing on a mountain top Somebody with a red flag Somebody
told me not to ignore the signs I was deaf to hear the warnings Didn't listen to my friends
Didn't worry in advance You dig in deep and flyin' high Or you act around your latest life Caught
in the act, you can't deny Boy, I will give it one more try If you can see the stuff inside Very last
chance to make it right I will normalize Analyze Analyze This is our dark time But it can turn into
a brand new day If you give in to your love If you truly change your ways If the truth is gonna
stay You dig in deep and flyin' high Or you act around your latest life Caught in the act, you
can't deny Boy, I will give it one more try If you can see the stuff inside Very last chance to make
it right I will normalize Latest life Caught in the act, you can't deny We've changed all this time If
you can see the stuff inside Stuff inside Very last chance to make it right I will normalize
