

NiRo HB-Far-Away-We-Go

Far away we go, far away we go, far away we go Fading shadows in the night, nowhere to go
Fading smiles from your heart, come along It feels like we're getting lost, somehow But it
seems like it's time to move on Far away we go, far away we go, that's all we know, we know Far
away we go, far away we go, that's all we know, we know Little lights at dawn show us where to
go Fading thoughts from your mind, come along But it seems like it's time to turn it on And we
know it's time to do what we can Cause I'll let you go, I'll let you go It's all we know, we know
We keep on going, going, going And we keep on going We keep on going, going, going And we
keep on going We keep on going, going, going And we keep on going We keep on going, going,
going And we keep on going I'll let you go, I'll let you go It's all we know, we know I'll let you go,
I'll let you go All we know, we know I'll wait and go, I'll wait and go, I'll wait now, you know I'll
wait and go, I'll wait and go, I'll wait now, you know
