

NiRo HB-Get-A-Long

In this world, so much pain we see, we just go on and on. And if we find a way to close our eyes, it is done in no time. We have heard, we will never be, we just go on and on.

If it's time to open up our eyes, we don't dare to try. But we're never gonna, get along. Get along, get along with everything we've done.

To point a gun at our fellow men, seems to make us strong But this day, we should realise, this can't just be wrong Won't we never gonna, get along Get along with everything we've done Won't we never gonna, get along Get along with everything we've done Won't we never gonna, get along Get along with everything we've done Won't we never gonna, get along Won't we never gonna, never gonna
